

Huddersfield Grading Details 2008-9 season

NOTES		Grade for last 30 games is what it says – see Grading Summary for details.												
YCF estimated grade is calculated by : [{no. of games (N) this season x this season's grade} + {30-N} * YCF Start Grade] / 30														
However, when 30 or more games have been played, the YCF estimated grade is simply equivalent to the Season Grade.
